

Stunning 3D Viewing

No 3D glasses required

Bring your content alive with the APCO 3D intelligent displays. Based on Autostereoscopic multiview technology, it's amazing 'real' 3D effect immediately grabs the attention of the viewer. If you want to make an unforgettable impression, an APCO 42" A3D4200 display is the right choice for you.

Exciting out-of-screen 3D effects

- Stunning 3D viewing experience
- Immediately grabs the attention of the viewer

Autostereoscopic display

- No need for special 3D glasses
- Multiple users experience 3D at the same time
- Large 3D viewing zone

Multi-view lenticular technology

- Full brightness and full contrast
- True color representation

High quality 3D and 2D mode

- 2D high-definition video playback
- Switchable between 2D and 3D modes

End-to-end system solution

- From content visualization to creation
- Flexible 3D data format through 9-view multi-view
- Project file compatible for future use

Realistic look-around effect

- Disparity is re-created from 9 views, not just 2D+Depth
- No need for Philip's™ DeClipse™

APCO AV 3D Services

- 3D monitor rentals & support
- Custom 3D animation and modeling
- Conversion of existing scenes in 3ds max or Maya formats
- 3D-enhancing of graphics, logos, stills
- 2D broadcast & HD broadcast reformatting
